# Important Upgrade Information!

**Starting on February 1, 2015, upgrade licenses from previous releases will no longer be available for purchase!**

## **Do you have 2008 (or older) Autodesk products?**

There's still value in your Autodesk software released in 2008 or prior. Trade in your non-current licenses and save up to 30%\* when you move to your choice of eligible 2015 Autodesk products with Maintenance Subscription by October 3, 2014.

## **Do you have 2009-2014 Autodesk products?**

Upgrades for 2009 - 2014 products will be available through January 31, 2015 but the current promotional prices will not. If you are considering upgrading, you may want to do it before October 24th and save.

Get current and enjoy having more advanced toolsets, more powerful capabilities and more efficient workflows, along with all the benefits of Maintenance Subscription. Whichever Autodesk products you use, the most cost-effective way to stay current is to move to the latest version today and subscribe.

## **Do you use AutoCAD® LT® products?**

Save up to 10%\* on upgrades to a wide selection of eligible Autodesk products when you purchase by October 24th, 2014. Be sure to attach Maintenance Subscription so you'll always be current.

On all of three promotions, you can take advantage of special financing rates for a limited time.\*

**Call your MESA Salesperson to see what options are available to you!**

## **Customer support is the foundation of MESA**

Our customers know we will be there for everything ranging from simple troubleshooting to situations that require advanced on-site assistance.

It is not only important to us; it is essential that our customers succeed.

We take your feedback seriously and use it to improve the quality of our support, which has allowed us to be ranked at the top nationally in customer support satisfaction among all Autodesk Manufacturing resellers in North America.

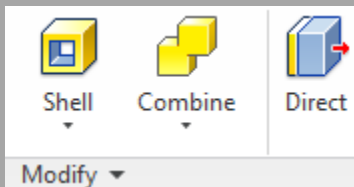

We offer a wide range support services that are listed at "[www.mesa-cad.com](http://www.mesa-cad.com) > Services > Support".

• Remote Assistance • System Audit • Vault Maintenance • Vault Server Upgrades

## Direct editing a model has never been easier!

*...as long as you are using Inventor 2015.  
... and you need to modify imported base parts.  
...or rapidly adjust an intricate model created by someone else.  
...while quickly discovering design alternatives.  
...and want to avoid unintended changes due to complex relationships.  
...and you don't feel like creating new sketches.*

All the functionality of the desktop version  
of Autodesk Fusion in one command

Do you have trouble finding your Autodesk Product Keys when you need them?  
Go to "[www.mesa-cad.com](http://www.mesa-cad.com) > Software > Autodesk Product Keys" for the current list.
